OFFICE OF THE CITY MANAGER

January 5, 2017

To the Honorable City Council
of the City of Pasadena

Mayor and Councilmembers:

WEEKLY NEWSLETTER

1. New Year's Activity Reports:

Once again, Pasadena rang in the New Year with style. Annual preparations for the Rose Parade and Rose Bowl Game begin months before the events and involve large numbers of City staff. Planning for this year's events took on even greater importance in light of recent acts of terrorism abroad. In the end, and as consistently is the case, all the planning paid off; the 2017 Rose Parade and Rose Bowl Game were successfully staged and there were no major incidents. Attached are memorandums from various department directors that provide recaps from their respective vantage points.

2. Second Meeting to Discuss Alternative Pipeline Routes for Non-Potable Water Project: January 12:

Pasadena Water and Power ("PWP") will hold a second community meeting on Thursday, January 12 to discuss the findings of the Alternative Routes Study Reports for the Non-Potable Water Project. The meeting will present the results of several studies which analyzed the approved route along Arroyo Blvd. and Rose Bowl Dr. and the alternative route along Rosemont Ave. The meeting will take place in the Arroyo Room at Brookside Golf Club (1133 Rosemont Ave.) at 6:30 PM. PWP will provide an overview of the project history and present the findings of several studies which assessed the geo-hazard conditions, environmental impacts, schedule delays, impacts to trees, and the construction challenges and costs.

The first of the two community meetings was held on December 6 and focused on the pipeline route along Linda Vista Ave., Laurel St., and Parkview Ave. as well as the alternative route along Salvia Canyon and West Dr.

In February of 2016, City Council certified the Environmental Impact Report for the Non-Potable Water Project. During the public hearing, PWP received feedback from residents along the planned pipeline route with concerns about impacts during project construction, and requested staff to explore two alternative pipeline routes.

The Non-Potable Water Project will offset up to 10% of the total water consumed by PWP customers by delivering recycled water and other untapped non-potable water sources for landscape irrigation and industrial uses in the future. To view the detailed results of these studies as well as the December 6 PowerPoint presentation, visit: http://www.PWPWeb.com/RecycledWater.

3. Tree Removal List:

The attached list from Ara Maloyan, Director of Public Works highlights pending removals of dead, dying and hazardous trees on a non-emergency basis throughout Pasadena, as well as trees recently removed on an emergency basis. The Parks & Natural Resources Division has posted the non-emergency removals and notified pertinent residents consistent with the City's Tree Removal Policy.

Residents are encouraged to call the Parks & Natural Resources Division at (626) 744-7311 to learn more about the City's tree maintenance and/or planting efforts or to report a problem with the urban forest.

Respectfully Submitted,

Julie A. Gutierrez
Assistant City Manager

MEMORANDUM - CITY OF PASADENA
DEPARTMENT OF PUBLIC WORKS

DATE: January 5, 2017

TO: Steve Mermell, City Manager

FROM: Ara Maloyan, P.E., Director of Public Works

RE: Department of Public Works – 2017 New Year's Event Recap

Beginning in August of each year, the Department of Public Works initiates preparations for the Rose Parade, Rose Bowl Game, and post-parade activities. The majority of the work commences in October and continues through mid-January. Below is an overview of the Department of Public Works involvement and accomplishments in support of the New Year's festivities.

Citizen Service Center - New Year's Activities 2017

- CSC was open to take calls and support radio operations on 1/1 beginning at 5pm and through 1/2 at 2pm.

Street Maintenance and Integrated Waste Management - New Year's Activities 2017

Traffic signals/traffic control:

- Removed traffic signals mast arms along parade route (22 mast arms, 6 street light poles & 6 traffic signal poles)
- Installed 35 no left turn signs along the parade route
- Installed temporary mast arms along parade route (15 mast arms, 3 signal poles and street lights
- Deployed changeable message signs for traffic control throughout City
- Installed 20 security cameras for law enforcement
- Removed 1 freeway sign
- Removed 3 temp traffic signal poles before parade and reinstalled after parade

Painting:

- 10-miles of blue line (honor lines for parade viewers to move into street)
- 5-miles of pink lines (for floats to follow along parade route)
- Lines for float formation stalls
- Layout and install TOR parking assignment stalls on Arbor St and Lock-Haven St
- TV corner reserved media spaces
- Red curbs along parade route to improve safety
- Coordinated with Tournament of Roses (TOR) staff on pedestrian & circulation safety within parade formation area
- Installed temporary ADA (blue tape) viewing areas at Paseo Colorado and ADA drop off zones on Colorado Blvd/St. John Ave and Post Parade viewing area

- Layout and install TOR operations parking stalls on Green St w/o Orange Grove Blvd
- Installed extra temporary helicopter landing pads at P.P.D. Heliport
- Check and remove graffiti along parade route and Rose Bowl arroyo

Roadway & Sewers:

- Inspected & cleaned sewers on Colorado Boulevard, Green Street and Rose Bowl area
- Installed 100 catch basin inlet covers to prevent storm drain contamination
- Repaired pot holes & uplifted sidewalks along Colorado & Orange Grove Boulevards
- Inspected & repaired street/pedestrian lighting along parade route
- Inspected sidewalks along parade route & adjacent streets
- Ordered temporary restricted parking, traffic control, & shuttle signage
- Installed 14,000 No Parking signs
- Deployed 4,000 barricades

Removals:

- Bus benches & refuse containers along parade route
- News racks, sidewalk dining & other street furniture
- Disabled Big Belly trash receptacles to secure doors

Hosted Threat Assessment and Response Team (TART) in back-up Emergency Operations Center (EOC) including:

- Assisting with law enforcement remote communication systems
- Providing parking for multiple agencies working to ensure safety of Pasadena residents & visitors

Post-Parade Activities

Parade cleanup:

- Utilized 112 workers, 8 dump trucks, 8 skip loader/backhoes, 8 sweepers, 3 packers & 10 pick-up trucks for area clean up including sweeping of parade route & adjacent streets on January 2 & 3

Post-parade area activities:

- Cleaned post-parade area on January 2 & 3
- Hand swept gutters in post-parade area
- Secured streets while temporary fencing was removed & traffic signals were re-installed & made operational
- Installed temporary ADA asphalt ramps at various locations throughout post-parade venue and Defenders Park
- Removed barricades along the parade routes
- Deployed 6 changeable message signs for in and out-bound traffic
- Setup no Left Turn signs with delineators at 14 intersections

Environmental stewardship initiatives:

- Collected 30 tons of trash from post-parade area; a 25% decrease from previous year in trash generated along the parade route
- Recycled 10 tons of cardboard & 8,500 beverage containers from post parade

Assisted P.P.D with management of vehicular and pedestrian traffic control throughout the Rose Bowl Game:

- Deployed/setup 1,000 traffic delineators
- Deployed 500 traffic cones
- 100 traffic signs on A-frame barricades
- Deployed 1,500 barricades

Supported Rose Bowl game recycling:

- Placed/serviced three 30 cubic yard roll-off bins and nine 6 cubic yard slotted bins for cardboard recycling in concourses & Area H

Post- Rose Bowl Game

Environmental stewardship initiatives:

- Collected 55 tons of trash from Rose Bowl area
- Recycled 30 tons of cardboard from Rose Bowl area

Rose Bowl Game cleanup:

- Brookside Park
- Area H
- West Drive
- J East
- J West
- Rose Bowl Parking Lots D, B, F & K
- Loop around Brookside Golf Course
- Streets entering Arroyo (Seco St, Rosemont Ave, Linda Vista Ave, West Dr, Salvia Canyon & Arroyo Blvd)
- Removed trash, debris & safety hazards from grandstand areas

Code Enforcement:

Code Compliance Officers enforced no sidewalk dining, encroachment of right of way, and moratorium of construction throughout the parade route.

Post-event activities will continue through mid-January as the department re-installs street light poles and traffic signal mast arms, removes parking signs, barricades, uncovers catch basins, and deconstructs asphalt ramps.

<u>Building Systems and Fleet Management Division - New Year's Activities 2017</u>

BSFMD Electricians

- Installed 5,000' of extension cords to 150 metal detectors and credential check points
- Instant response to lighting problems including stadium field lighting, security lighting, and team areas
- Temporary power set-ups
- Over 700' feet of fiber installed
- Ticket Master, Cisco switches, fiber repair, and Sodexo scanning support
- ESPN and Midnight Rain interface with the Pavilion and Tournament of Roses Sky Cam, and Musco

BSFMD Plumbers

- Inspect and made necessary repairs to toilets, sinks, faucets, drains, water heaters, boilers, misters, and replaced a concession stand hot water heater, and unclogged drains
- Performed irrigation backflow repairs
- Locker rooms were inspected and several automatic flush valves needed batteries flush valve controls were replaced
- Assisted Rose Bowl hydro-jet contractor to help in the locating of sewer cleanouts
- Area H restrooms and near gate D, needed 2 faucets repaired and a toilet seat tightened

- Family rest room across from tunnel 17 had a vandalized toilet bowl

Fleet Services

- Provide 72 hour coverage over a 3-day timespan for vehicle repairs

Parks and Natural Resources - New Year's Activities 2017

- Preformed tree pruning along the entire parade route including side street (3,173 trees)
- Inspected and backfilled all open areas along the parade route including parkways, tree well, etc.
- Pruned Defenders East park
- Pruned Defenders West park
- Pruned the Rock park
- Central Park
- Memorial Park
- PHS parking lot
- Park and Ride parking lot
- Victory Park lots
- Pruned and inspected all trees in the Rose Bowl area including adjacent parking lots
- Pruned the bus routes headed into the Rose Bowl area .
- Float route and parade equipment clearances (Rosemont, South Median, North Orange Grove , Sierra Madre Villa, Lock heaven, etc.
- Sierra Madre Strip tree pruning
- Pruned Green St. from Fair Oaks to Pasadena
- Golf course tree pruning and tree Removals for parking
- Inspected and cleared Parsons bus transportation route
- Delivered 1500 barricades to Post Parade area (Sierra Madre; Paloma to Sierra Madre Villa and Washington; Sierra Madre to Altadena Dr.).
- The Forestry crews and others preformed eastside parade route clean up (Oak knoll to East Orange Grove)
- Parade and Game barricaded standby detail
- Cleared tree from NBC TV satellite.
- Pick up and replaced trash container along Colorado
- Pick up yellow poles along South Orange Grove and stored at the yards.
- Backfill holes with sand along South Orange Grove

MEMORANDUM - City of Pasadena

Police Department

January 4, 2017

TO: Phillip L. Sanchez
Chief of Police

FROM: Art Chute
Lieutenant

SUBJECT: New Year's Operation Recap

The Pasadena Police Department and the Tournament of Roses continue to improve security operations to ensure a safe Rose Parade and Rose Bowl Game for spectators and employees alike. Although there were no specific, credible threats to the Rose Parade or Rose Bowl Game, local and international incidents involving terrorism was cause for concern. In December, a suspected terrorist attacked a Christmas market in Berlin, Germany using a semi-truck as a weapon resulting in several fatalities.

In an effort to secure the parade route from a vehicle assault, the Pasadena Police Department erected protective water barricades on 59 minor streets along the parade route and added an additional 40 Los Angeles County Sheriff's deputies and police vehicle barricades to protect the 21 emergency cross streets.

The Department of Homeland Security (DHS), who is responsible for providing Special Event Assessment Ratings (SEAR) for all major events throughout the United States, continue to rate Pasadena's New Year's event as a SEAR Level-1[i].

With the SEAR Level-1 rating, DHS provides in-kind federal resources in the area of personnel, equipment and technology. DHS installed approximately 38 surveillance security cameras along the parade route and at Post Parade, providing live camera feeds to the public safety command centers. Additionally, DHS provided approximately 143 Homeland Security Investigators and support staff who increased both the overt and covert law enforcement presence at the parade, game and post parade.

Along with the assistance of DHS, Pasadena Police Officers, Los Angeles County Sheriff's Department Deputies, and numerous Federal and State resources conducted foot and vehicle patrol along the entire parade route in both uniform and an undercover capacity.

Once again, the Los Angeles deployed the Urban Police Rifles (UPR) as a visible presence and along the parade route. Families attending the parade are pleased to see the increase in security and welcomed the Los Angeles County Sheriff's Deputies assigned to carry the rifles.

The parade saw a total of seven arrests overnight and two arrests during the parade for nine total arrests. Most arrests were alcohol related.

The reported 95,128 fans attending the Rose Bowl Game also saw an increase in security as the Rose Bowl positioned metal detectors at each entry gate requiring every person to pass through before entering the game. In an effort to alleviate the pressure on the entry gates due to the increased security measures, the Rose Bowl and Tournament of Roses moved the fan zone to the north side of the stadium where fans were pre-screened.

Once in the Fan Zone, fans were allowed to enter the game once the gates opened without having to be screened a second time. The fan zone expansion helped alleviate the stress on the entry gates and led to the success of 90% of the fans being inside the stadium at kick-off.

An increase in Law enforcement officers, both uniform and undercover, patrolled the parking lots and the inside of the Rose Bowl. In addition to the increase in law enforcement in the parking lots and inside the stadium, 18 officers from the California Highway Patrol's Special Response Team armed with UPR's provided additional uniformed law enforcement presence at the entry gates. The Pasadena Police Department assigned these highly trained officers to each entry gate, both inside and outside the stadium.

With over 95,000 people in attendance, there were only ten arrests throughout the game, all of which were for public intoxication. The transportation shuttle from Parsons seemed to be the preferred method of transportation as there were very few issues with traffic ingress and egress. The Parsons Shuttle operation served 9101 patrons during inbound and 11,183 patrons during outbound.

Post Parade Float viewing at Pasadena High School January 2nd and January 3rd went well with no identifiable issues or concerns.

---

[i] The Department of Homeland Security (DHS) assigns a rating to all major events throughout the United States using a Special Event Assessment Rating (SEAR) numerical system. The ratings range from level 1 through level 5, with a level 1 rating being the highest level.

MEMORANDUM - CITY OF PASADENA
Fire Department

TO: Bertral Washington, Fire Chief

FROM: Jon Trautwein, Deputy Fire Chief

SUBJECT: 2017 New Year's Event Recap

The New Year's Day activities were comprised of several events, Fanfest, Bandfest, the Rose Parade/Post-Parade, the Rose Bowl Game and the City at large. This year most activities took place on Monday, January 2, 2017.

Fanfest (Dec 28-Jan 1), located in the Arroyo was staffed by one EMS Supervisor, one paramedic ambulance, one bike team and Red Cross personnel. Hours of operation were 0900-1800 daily from December 28 through 31 and 0700-1300 on January 1. Staff covered the Arroyo at large including float viewing activities, band photos, parent luncheon, VIP luncheon etc. There were nineteen patient contacts with one ALS transport and one patient refusing transport.

Equestfest, cancelled this year.

Bandfest (Dec 30-31), located at Pasadena City College (PCC) was staffed by one paramedic ambulance and Red Cross personnel. Their primary focus was providing prevention and medical coverage for band members and spectators. There were thirteen patient contacts with one ALS transport and one BLS transport.

The Rose Parade was separated into two periods; Eve Operations (1900-0600) and Day Operations (0600-2000), which includes Post Parade.

- Eve Operations (Jan 1, 2017) resources assigned to the parade route were comprised of two fire based paramedic ambulances, one patrol unit and a Parade Incident Commander. The City eight fire stations also provided resources as needed. All Parade and City resources were managed by an Area Commander assigned at the Department Operations Center co-located with Pasadena Police at the police station. There were ten patient contacts with one ALS transport and one patient refusing transport. Patrol 38 assisted with medical incidents and patrolled the route. They responded to a Hazard (Smoke bomb) that was unfounded. They also made contact with numerous participants providing public education regarding safety and warming fires.

- Day Operations (January 2, 2017) were comprised of nine fire based paramedic ambulances, two private based ALS ambulances, two private based BLS ambulances, two Engine Companies, eight two person bike teams, a Parade Incident Commander with aid and twelve Red Cross First Aid tents strategically placed along the 5.5 mile route. In addition, City resources from eight fire stations provided resources as needed. There were 173 patient contacts with three ALS transports and five BLS transports.

- Post-Parade (January 2-3, 2017) day one was staffed with two fire based paramedic ambulances, one private based BLS ambulance, one private based ALS ambulance, four bike teams and one EMS supervisor. Day two consisted of one fire based paramedic ambulance, one private based paramedic ambulance, one bike team and one EMS supervisor. These units were responsible for the safety and medical coverage of Post Parade staff and public float viewers. There were seventy-two patient contacts with one ALS transport.

The Rose Bowl Game was staffed with one Incident Commander and two volunteer Pasadena Emergency Medical Technician Reserves used as dispatchers. Seventeen personnel staffed the Prevention Branch with one supervisor, four standby inspectors, four fire inspectors, two Haz-Mat specialists, fire suppression Engine 731 (four personnel) and fire suppression Patrol 38 (two personnel). Sixty-three personnel staffed the Medical Branch including three supervisors, three first aid station paramedics, one fire based paramedic Rescue Ambulance assigned to team medical, four fire based paramedic Rescue Ambulances, two private based paramedic Rescue Ambulances, one private based BLS Ambulance, four medical bike teams, two medical transport rescue carts, two medical transport gators, seventeen Pasadena Emergency Medical Services Reserve volunteer personnel and eight American Red Cross volunteers staffing six foot teams and three transport carts. Following the game while fans exited into the Arroyo, one patient fell into the Arroyo wash. The Incident Commander immediately dispatched Engine 731, Patrol 38 with a rescue cart and bike team. The patient was rescued from the wash and transported to a local hospital in stable condition.

- Attendance: 95,128
- Medical dispatches: 46
- Medical contacts: 211
- Patients treated: 31
- ALS transports: 13
- BLS transports: 3

City (At large) comprised of eight fire stations and assigned apparatus responded to ninety-five incidents from January 1, 2017 at 1900 hours to January 2, 2017 1930 hours. There were eleven fire, seventy-seven medical and six service responses in addition to one miscellaneous response. One fire response was a vegetation fire, out on arrival. The other fire responses did not pose any significant hazards. Of the seventy-seven medicals, six were traffic collisions.

Fire Department Emergency Operating Center (DOC) opened on January 1, 2017 at 1900. The DOC was co-located with the Pasadena Police Department DOC. On January 1, it was staffed with two Deputy Chiefs, two Captains, one Firefighter, one Staff Assistant and a Tournament

representative. Additionally on January 2, 2017 representatives from the American Red Cross, the Tournament of Roses, Medic Alert Center, Los Angeles Fire Department, State Office of Emergency Services (OES) and the Pasadena Fire Department PIO also staffed the DOC. The DOC initiated an Area Command on January 1, 2017 at 1900 hours for command and control functions of all Fire and Emergency resources through the end of the Rose Bowl Game on January 2, 2017 at 1930 hours. Our Area C Disaster Management Coordinator was in the Tournament of Roses Emergency Operations Center to coordinate and communicate with our City Emergency Manager/Public Information Officer at the Fire Department Operations Center. Should a Major incident have occurred, both coordinators would have transitioned to the City EOC that was staffed with CERT volunteers and other city staff members.

The following agencies provided resources on January 2, 2017 to assist with fire and life safety incidents:

- Los Angeles City Fire Department
- Los Angeles County Fire Department
- Glendale Fire Department
- Burbank Fire Department
- Santa Monica Fire Department
- San Gabriel Fire Department
- San Marino Fire Department
- South Pasadena Fire Department
- Los Angeles County Department of Health Services
- Ambuserve ambulance services
- Pasadena Fire Emergency Medical Services Reserves (EMSR)
- American Red Cross
- California National Guard, 9th Civil Support Team
- Tournament of Roses DOC Liaison
- DHS Medic Alert Center Liaison
- State Office of Emergency Services (OES) Liaison

PASADENA WATER AND POWER

MEMORANDUM

January 5, 2017

To: Steve Mermell
City Manager

From: Gurcharan S. Bawa
Interim General Manager

Subject: Rose Parade and Rose Bowl Game Preparation

In preparation for the 2017 New Year's events, Pasadena Water and Power (PWP) crews performed maintenance work and tested the Rose Bowl electrical equipment a few weeks prior to the game. Power Delivery personnel provided overhead and underground temporary electrical service connections to various media outlets and returned after the events to remove and/or disable electrical equipment.

Personnel from various sections of Power Delivery were stationed north and south of Colorado Boulevard and electrical troubleshooters were stationed in the stadium to assist in any electrical emergency during the Rose Bowl game.

PWP's Water Division provided resources to support the New Year's Day preparations and post-parade activities to include bus bench removal and replacement, debris collection and area rinse of the parade route.

In addition, PWP fired up the newly commissioned GT-5 power generation unit to help ensure reliable electric supply during the New Year's events.

CITY OF PASADENA PUBLIC HEALTH DEPARTMENT

To: Steve Mermell, City Manager

From: Michael Johnson, Director of Public Health

Date: January 4, 2017

Re: Rose Parade and Rose Bowl Game Support

The Public Health Department Environmental Health staff permitted and inspected 120 approved food booths during the Float Decorating, Band Fest, Rose Parade, and Post Parade Events.

In addition, illegal vending enforcement was conducted the night before the parade, and during both days of the Post Parade Event. During the illegal vendor enforcement a total of 21 vendors were encountered, 14 ran from the team, and 6 warning notices and 1 citation were issued.

The Public Health Department's Public Health Emergency Preparedness Program also worked with regional and national agencies to conduct enhanced disease surveillance at the events, to provide increased preventive measures to avoid a significant disease outbreak.

Department of Information Technology

To: Steve Mermell, City Manager

From: Phillip Leclair, Chief Information Officer

Date: January 5, 2017

Subject: Rose Parade and Rose Bowl Game Support

In preparation and during the New Year's events, the Department of Information Technology (DoIT) provided support to parade and game ticket payment and distribution, public safety, and other City operations.

DoIT worked with City Council Field Representatives to enhance the Online Ticketing System for processing Rose Parade and Rose Bowl Game tickets allocated to City staff, Council Districts and Commissions. Ticket inventory, lottery processing, distribution, notifications, payments and reporting were managed by the system.

GIS Maps were created for logistics, staging efforts and enhanced security and surveillance measures.

DoIT assisted the Pasadena Fire department to setup special event schedules in the Telestaff system. The schedules were in effect for pre-parade, post-parade, and game coverage for bike teams, Emergency Operations Center (EOC) support staff, etc.

Fiber optics, wireless network connections and radio services were configured and tested to support public safety operations and visiting law enforcement agencies. Staff set-up and configured the City's Emergency Operating Center (EOC) with telephones, radio equipment, cable television, laptops and network equipment. Similar services and assistance were provided to Department Operations Centers (DOC) for Police and Fire and for the Threat Assessment Response Team (TART) at Public Works City Yards. Radio communications procedures were established between the Tournament and City officials.

A team of DoIT staff worked with the Transportation and Police Departments and visiting law enforcement agencies to integrate multiple video surveillance systems and equipment strategically positioned across the parade route and Rose Bowl.

Throughout the events the Radio infrastructure team was available on-site at the Radio Shop to service and repair equipment supporting public safety and other City department radio communications needs.

Systems Administrators for all essential City systems remained on-call throughout the events to respond to any service interruptions and to new requests for service.

Overall, there were no significant issues to essential information technology services reported during the weekend activities.
