I Love knowing it's your Birthday and just knowing its coming. I wish I could show you how I feel about your special day. Do you realize how happy a mother is when she finally delivers her baby
You were special then and your **super special** now. I'm stress, because I want to be a part of that day, the whole day.

What's happening my girlfriend?

I'm about to leave the office.

I will call you on my cell.
