We will review the plan mid-year if needed to assess our progress.

Complete Streets Improvement Measures — During Fiscal Year 2016-17, the Commission will continue its efforts to encourage non-vehicular modes of travel in Pasadena. The Commission will also continue to monitor and support efforts to increase development of projects that reduce greenhouse gas emissions by generating vehicle-miles-traveled (VMT) that are less than City's adopted VMT goals.

General Plan/Specific Plans Update — The Commission will continue to participate in the City's Specific Plan update process.

Gold Line — The Commission will continue to monitor efforts by DOT and Metro to reduce vehicle, bicycle and pedestrian delays at the three at-grade Gold Line crossings of Glenarm Street, California Boulevard and Del Mar Boulevard. Transit Issues — The Commission will continue monitoring the progress on various improvements to transit routes planning, equipment upgrades, transit arrival systems, etc.
