Subject: Union Street Protected Bike Lane Project Update

INFORMATION ITEM

The consultant team led by DKS Associates continues to work on the preliminary design, federal funding project management and outreach components for this project.

On May 9, 2018, the Transportation Department will be hosting a Community Workshop to reintroduce the Union Street Protected Bike Lane project, share initial concept designs, and solicit community input. The meeting will be from 6:30-8:30PM at the Gamble Room, Pasadena Presbyterian Church, 585 E Colorado Blvd, in Pasadena. A brief presentation from the DKS team will begin at 6:45PM.

The Union Street Protected Bike Lane project is currently in the early phases of concept design. Additional community workshops will be held as the design progresses. The final design is anticipated to be complete by late 2019, and construction is anticipated to begin in 2020.

The project website has been launched and can be found at:
