

NOTICE OF PUBLIC HEARING
TTM #82248

Project Location: 388 S. Los Robles Avenue, Pasadena, CA

Subject: The applicant, EGL Associates, Inc., has submitted a Tentative Tract Map application to allow the creation of 16 air parcels on one land lot for residential condominium purposes. A new 16-unit residential project received Final Design Review approval on December 14, 2016. This application only concerns the creation of air parcels that will allow the sale of each dwelling unit. This application does not address the design or construction of the 16-unit project and does not include any proposed changes to the previous Design Review approval.

Environmental Determination: In conjunction with the Concept Design Review approval on March 24, 2015, it was determined that the project is Categorically Exempt from CEQA (Section 15332, Class 32, Infill Development). It has further been determined that there are no changed circumstances or new information as part of the proposed Tentative Tract Map application that necessitate further environmental review and there are no features that distinguish this project from others in the exempt class; therefore, there are no unusual circumstances.

NOTICE IS HEREBY GIVEN that the Hearing Officer will hold a public hearing to consider the application.
