-----

For all those wondering what this is.....

Westridge School has applied to drastically increase their operations. They want to increase enrollment from 502 to 550 (10% increase) And add more staff/ teachers 105 to 150 (a 43% increase!) - which means An increase of 1,000 car trips each Week This is nuts. City appears to have turned its back on this part of the City with such commercial enterprises by: Westridge, Japanese Garden, Arlington Garden and Cottage School - all amidst a residential neighborhood !!

Hearing is TODAY Wednes May 20th at 5:30pm online. There is still time to send in an email/comment before 5:30 to be part of the decision making process. Every bit helps !

Email : Natalie Sheppard - Permitting Office at:
