Good evening.

I am writing in support of the Conditional Use Permit for alcohol service for Republik Coffee Lounge.

I am very familiar with the store and its operator as well as the neighborhood. (Our offices were upstairs at 844 E. Green Street in the Prado Building.) Mr. Kaiser is a conscientious operator who understands his neighborhood and customers.

Republik is a top notch coffee lounge and restaurant. It is well run and staffed. (I am a customer as our offices are now three blocks away.) Allowing alcohol sales will be a positive addition to the area and give the residents in the Prado Building a friendly, casual and clean place to enjoy food and beer and wine.

Allowing for limited beer and wine sales with food will provide a strong additional revenue source, something that is sorely needed by restaurants through Pasadena.

Please support the CUP application for Republik Coffee Lounge.

Sincerely,

Paul Little, President and CEO  
Pasadena Chamber of Commerce
