Hello,

I'm a home owner in the area, and I heard that people have been emailing You and letting you know their thoughts on this new business. I am super excited for a new local business! I am so excited for this area to have more bars and restaurants that appeal to me, And my friends and family. This sounds like it fits the bill. I would like to encourage a lot more new relevant businesses in this area! Thank you for hearing my point of view.

Trish
