Hi Alison

I was made aware there is a proposed new bar for our neighborhood, and that we may voice our concerns with you. While I'm supportive of a new business, and it would be lovely to walk to a new Restaurant, I have some concerns. There is no parking to support this business, therefore the neighborhood would be filled with cars and people. There would be smoking, congregating, and loitering- typical of a bar crowd.

While we live several blocks North of Washington, I fear it would be very difficult for the family's living near. Also, since music is proposed, how does a business control the noise level for neighbors?

If these issues can be addressed for the neighborhood I would support a new business  
Thank you for hearing me, Julie Pfaffinger
