Ms. Molinar,

I am a resident of East Pasadena and I am writing to express my support for the Conditional Use Permit application (CUP #6824) for a proposed business at 2302 E. Colorado Blvd which has a hearing scheduled 5/20/20. Our region is lacking in brewery establishments and the proposed location is ideally situated for such a business. The business will be a much welcomed addition and will help activate East Pasadena. I urge approval of the CUP application.

Respectfully,
Nick Saponara
