Comments	<p>Dear Planning Commissioners: 5/26/2020</p> <p>Please allow Safe parking on private church property with these codes: 17.21.020 and 17.21.030</p> <p>Today while feeding those in need, in one of the cars I approached, there was a husband, wife, and their 2 & 4 yr old, strapped in their car seats under the shade of a tree in a parking lot. “Our program w/ Union Station ended 2 days ago,” they said. “Yes, we are living in our car.”</p> <p>Previously it was estimated that 20% of those experiencing homelessness live in their cars. With COVID, we are already seeing increasing numbers of people living in their cars, and when the moratorium on rents is over, WATCH OUT! Isn’t it something, that you can legally sleep on the sidewalks in Pasadena but not in your vehicle?</p> <p>Safe parking is a solution, providing a safe place to park for the night, freedom from harassment, fines, being victimized. It provides bathrooms and allows people like the ones above, to return to the same place every night while someone works on getting them into housing. Stability: do you</p>

how much that will mean to people (like above) w/their little ones?
