Name	Wendy McGrail

Phone	(626) 233-0786
Address	3148 Hempstead Ave.

State	California
Zip Code	91006
Comments	We ask that the Planning Commission add Safe Parking as an allowable use on private church property into the following codes: 17.21.020 and 17.21.030 Currently it is not permissible use for a church in Pasadena to allow sleeping in cars overnight,

although shelters are allowed on church sites.

Safe parking is very different from simply allowing people to sleep in their vehicles on city streets or on church property. Safe Parking is a comprehensive intervention program that provides safe overnight parking for people living in their vehicles. Parkers have access to bathrooms.

Professional security provides for safety of the Parkers and an assurance of orderliness for neighbors.

Parkers are vetted before being admitted into the program, and they must be committed to being re-housed. The Program includes case management to assist with life issues and connections to resources such as healthcare, food, employment and housing.

Most people living in their cars have recently fallen into hard times due to job loss or illness causing them to lose their housing. Safe Parking is a simple solution to help them out of homelessness, and can be easily be accomplished by addition to the code.

I consent to have my comment read out loud during the meeting.
