Subject: Affordable housing Zone for church's

CAUTION: This email was delivered from the Internet. Do not click links or open attachments unless you know the content is safe.

Morning I've lived in Pasadena for forty plus years. I served this city well for twenty nine half years. Working @ Huntington Memorial Hospital in labor & deliver & in the main O R as a certified surgical Technician. Due to health problems open heart surgery. I began to look for affordable housing (low to very low) in the year 2002 & now where in 2020. I've applied for ever low to very low housing Appartments in the city of Pasadana. My name are on the list of 5 - 6 Apartments. Yet I have not been called to move , the frustration& anguish I'm experiencing is overwhelming. I hope you will see the problem for myself & hundreds of residents in the city of Pasadana. For me , medical insurance wiped out my retirement fund. I paid \$528 for Cobra health insurance plus\$138 which was required my the government per month for Medicare for three years. With the inflation of our economy my retire was depleted. A great deal of people are in a financial nightmare. I was told by a agency, that women in the age of 50 plus & older are a great risk of homeless. I would like you to also consider; if a resident is living in affordable housing & there income changes. Adjust the tenant rent ; so there income will reflect what they can pay. So they have stable housing reduce homeless. This is my situation, I live in appartement with low to moderate income when I was working I could afford it. The complex I live in, they have other apartments for low to very low I'm on the list ; but can't transfer until my name comes up. So very devastating. I hope you will realize hard working citizens who have Contribute to this city & lived in this for years or a Life Time deserve to continue to live in Pasadena. We are decent humans beings who are in need of affordable housing is not a disease to have less then others. I hope you will allow the church's build housing on there property ; for a percentage of affordable housing for your citizen of Pasadana . I also hope & pray that the City will change the outlook & plan for the city . providing more housing for low to very housing or moderate to low housing for Pasadana residents. I pray & plead to your humility . Wealth is good but @ what cost. Quote what good is a man if he gains the whole world & losses his Soul.

Please search your heart & soul & make this happen.

Please change the zoning to allows church's build affordable house . Thank you for your time.
