Subject: Affordable Housing for New Life Church

CAUTION: This email was delivered from the Internet. Do not click links or open attachments unless you know the content is safe.

Dear Planning Commissioner,

My name is Angela Lewis. I am a member of the
New Life church located at 2005 N. Fair Oaks
Pasadena, CA.

I am writing to express my support for having high quality affordable housing built on congregational land. I would support churches in my neighborhood wishing to do this.

An overlay zone would allow congregations to build affordable housing. Seven churches in Pasadena are interested. This will allow churches to build affordable housing more quickly and less expensively. It could save over \$100,000 in cost per development, save at least a year getting it built, and provide the certainty needed to attract a highly qualified developer. Other cities like San Diego are also creating citywide zone changes to allow congregational land to be used for affordable housing.

I'm glad to support the desire of churches' throughout the city to help address the affordable/homeless housing crisis we are currently facing. The 2020 homeless count was 527; studies show that there is an expectation of 45% increase in homelessness due to the pandemic. Churches play a vital role in the community and are interested in contributing to quality of life improvements for all.

Thank you,

Sincerely,

Angela Lewis
