

## Rotary Club of Pasadena

*Celebrating 100 Years of Community Service 1920-2020*

July 10, 2020

To: City of Pasadena, City Council

Regarding: Conditional Use Permit #6815

I am writing this letter in support of CUP #6815 and the Salvation Army's goal to provide a new building for low income housing, food and clothing assistance, counseling and social services.

Together, the Salvation Army and The Rotary Club of Pasadena have served the community of Pasadena over 100 years each, respectively. We share a commitment and common goal to provide assistance to those most vulnerable and in need.

Two of our annual events between the Salvation Army and the Rotary Club of Pasadena have included the distribution of food through our annual "Back Packs Program" and our annual free "Bikes for Christmas." Together, we gave away 250 bikes for Christmas last year!

I personally know Captain Terry Masango and have attended an orientation on their capital campaign project. We know this project will make a significant impact to improve and transform the lives of many people and give them hope.

As President of the Rotary Club of Pasadena, I whole heartedly support and endorse this project and hope you will too.

Sincerely,

*Ken Joe*

**President  
Rotary Club of Pasadena 2020-2021**
