Address	1633 Banning Way
City	pasadena
State	CALIFORNIA
Zip Code	91108
Comments	<p>I live sixty feet from a lot on Old Mill that been approved for a basement addition. The permit was approved allowing up to two years of work. I've lived here for 26 years. The disturbance to the neighbor's lives and livelihoods has been absolutely ridiculous.</p> <p>For months there was heavy equipment, an earth mover in the backyard, tremendous vibrations</p>

from digging under the house, a compressor just feet from my home office. I heard of no planning commission meeting about this project to make my voice heard to the community. No neighborhood review, no responsibility for any of the noise, disturbance or damage to my house from the vibration that nobody took into consideration. I found out when the construction began. The noise, vibration and disturbance in a very very quiet neighborhood have caused people to consider leaving Pasadena. This has gone on for almost a year now, with more months of vibration, noise, disturbance and probably more damage to my house, it amazes me that at no time was the community of the project taken into consideration. That should change. Thought should be given a project of this size and its horrible effects on the neighbors. Absolutely Uncaringly Horrible.Thank you.

I consent to have my comment read out loud during the meeting.

No
