**Subject:** Public Comment Agenda Item #4: Application for Designation as a Landmark 989 S. El Molino Ave.

Dear City of Pasadena Historic Preservation Commission:

Good afternoon. Joan and I thank you for considering our property for Landmark designation.

As the property owners, we strongly support the recognition, maintenance, and protection of the Ollie Hatterman house for generations to come. Landmark designation will help preserve the historic character and materials of the home by making it eligible for Mills Act consideration, ensure that exterior changes are properly reviewed by the City, and add to the long-term historic stability of the Madison Heights neighborhood.

In closing, we want to thank Mr. Del Lile for introducing us to the property, Ms. Vanessa Withers for her assistance with the Landmark application, and the City Planning & Community Development Department staff for their recommendations.

Sincerely,

Tom and Joan Barrera
