Ms. Molinar

I understand the Pasadena planning commission is meeting tomorrow night to discuss several topics that would affect the city of Pasadena in a big way. I, as a resident, feel I have not been properly informed or advised as to the impact some of these important issues may have on the life styles of Pasadena residents. I feel that the commission is moving too fast and I would like time to digest, be informed and educated and have an opportunity to participate in the discussion of these important issues.
