Dear Jason,

My family live in the neighborhood of the above location. We are asking you to please deny the variance that is proposed by the owners of the property. It will destroy the beauty of the corner and we feel that it would be unsafe for pedestrians. The existing setback from the street adds to the safe crossing for pedestrians and for the safety of those who wait for the bus.

Please, please, please deny the variance!

Thank you very much,

Douglas and Margaret Chew

1333 Annandale Terrace,

Pasadena, CA 91105
