Hi-

I live in the San Rafael neighborhood of Pasadena and am very concerned about what the proposed building project next to 1388 Colorado Blvd (Cornerstone Chiropractic) will do to the integrity of the area. Cornerstone is a beautiful and quaint building- a landmark for our neighborhood, and it should not sit in the shadow of a new building. I am very opposed to the construction and want nothing more than to keep the original integrity of the street corner intact.

Thank you for taking my concerns into consideration-
