Comments (under 200 words)	Please consider a route that travels eastbound on Colorado Blvd to Holliston St., turns southbound on Holliston, east on Green St., and then north on Hill Ave. Holliston could be made southbound, one-way, between Colorado Blvd. and Green St. Currently, there are primarily parking lots along Holliston. There are eight condos or apartments that are on this section of Holliston and some sort of mitigation would be needed for those residents. I believe this route impacts the fewest residents of Pasadena.

I consent to have my comment read out loud during the meeting.
