RESPONSE TO DIRECTOR'S ADMINISTRATIVE HEARING

Thursday Nov. 5, 2020

David Reyes-Director of Planning

After attempting to participate in the 10 West Project as a sub-contractor I found it to be a bit complicated for what might be deemed a small contractor. This might have been discouraging to some locals. I think it is important for us to come up with a standard for Prime Contractors to abide by in the future.

As a lifetime resident and local contractor, I also believe that in order reach our goal of local participation and have a positive economic impact on our city and residents, we cannot stand idle and let this continue to happen.

Having been approached after the project had begun, I incurred expenses to get my bid in with estimators, which could also be adeterrent to smaller contractors.

As a city we must do better for our constituents, residents, contractors and economic impact.

**With Sincerely and
Hope**

John Burch
President
