In regards to the above location, we are the Williams family living across the street from 3860. We bought our house in 1987 and there has been no structural changes as far as the style of these houses on our block, that intrudes on the privacy and safety of neighboring homes. The new development planned for 3860 does not speak to the architectural style of the homes on our block. Not only will it devalue neighboring homes, it would also ruin the 60+ years, historical sentiment and value of the homes on Mayfair Drive.

Sincerely,
The Williams Family
