Hello Ms. Molinar,

I am emailing you regarding the Chick-fil-A establishment and the great positive impact it will have on the Pasadena community. As a Pasadena resident, I applied for a job at Chick-fil-A before my junior year of high school. I worked there as a part-time team member for over two years and received nothing but support from Ms. Gwacham, but also the rest of the staff. Although I was one of the youngest members of the team I was treated with full respect and was given the responsibility to serve with excellence. Because of my time there and the investment that Mrs. Gwacham has personally give to my career, I am confident that it will continue to serve the community well.

As I continued working there, the staff became increasingly diverse in ethnicity and age. Chick-fil-A gave my teenagers, like me, the opportunity to serve a purpose greater than themselves, we were able to serve the community. I hope that you will consider the great impact Chick-fil-A will continue to have on the next generation of high school and college students that are raised in this beloved city.

Blessings,
Henry Witherspoon
