Dear Board of Zoning Appeals” and Andy Wilson,

I'm a long time resident of Pasadena and I'm wondering why, with all the other issues our beautiful city faces (homelessness, traffic, etc.) we need ANOTHER car wash within such close proximity to 3 other car wash facilities? (Corner of Colorado and Sierra Madre, corner of Colorado and Rosemead, and a self wash at Colorado and Lotus). Traffic already rounds the block for the first two listed above and it just brings even more traffic to a congested/busy thoroughfare. Also Berkley is a residential street and does not need the added traffic a huge car wash would bring. (Nor does Colorado).

Besides the fact it adds another car wash to an already saturated area, it adds a HUGE volume facility which means a HUGE NUMBER OF ADDED CARS driving through a residential area. (I can already see the city lawsuits when the first child or pedestrian is hit by a speeding car.)

Not only is it a poor plan, it's poor government.

Respectably,
