My name is Carolyn Gray and I live on S. San Marino in Pasadena.

I'm writing to ask you WHY?

Why would you move forward with a large car wash at San Marino and Colorado Blvd?
Why would you consider this a good project to move forward for Pasadena and this neighborhood?
Why would this even get to this point of consideration?

We already have a questionable liquor store at the same corner that brings many nefarious people onto South San Marino. Now a big car wash that we don't need?

There is a large car wash already at Sierra Madre Blvd and Colorado Blvd...this is just a few blocks away. Do your research. This car wash continually has cars backed up on Colorado Blvd going down onto South Sierra Madre Blvd...which blocks turning right and blocks getting into Walgreens.

The proposed car wash at S. San Marino and Colorado Blvd. will bring traffic no matter what signs are installed by this owner and cars traveling way too fast south on San Marino Ave. to get the water off of their car and added pollution. WE DON'T NEED THIS.

Pasadena is a wonderful and special place to live. This type of needless development is not what we need. Let's get some real development and planning for the neighborhood that will benefit all. Because it's not this car wash.

Thank you.
