I live on the same block as the project at 801 S. San Rafael. I am concerned about the addition of 3 accessory structures proposed for this project. Additionally, I am concerned that the work proposed and the work already done does not enhance our neighborhood, particularly as a concrete box of a garage in front of a historic-eligible house is absolutely not compatible with the architecture of that house nor with any other house on our street or in the immediate area.

Please do not approve the accessory unties and provide greater oversight to how this project is affecting the neighborhood.

Thank you,

Elsa E. Macias, Ph.D.
