Hello,

I am writing with the following public comments on Thursday's agenda.

ITEM 4: As a member of the community I would like to see full transparency on the complaints process as well as clear instructions on how to submit complaints. This is vital to fostering trust and accountability.

ITEM 5: I strongly support training for both the commission and police department on the handling of trauma, community history, gangs and drug history, and cultural sensitivity. As a white person who has benefited greatly from such training in professional and personal settings, I urge the commission to make this move.

Regards,

Heather Ross
