We are the next door neighbors to 1144 E. Elizabeth St, the Fennell-Molinaro's, who have applied to the Historic Preservation Commission for work on an arbor entrance to their front yard. We are totally in support of their plan and their petition. We are confident that their plan does not compromise or damage the historic nature of their home or the neighborhood. Please approve of their application and allow them to complete the improvement of their property. Thank you.
