New construction of a five-story mixed-use project with 42 residential units above 5,729 square feet of commercial space at the ground level and 74 subterranean parking spaces.

Staff Recommendation:

1. Find that the application for Concept Design Review was subject to environmental review in the Categorical Exemption adopted by the City Council on July 16, 2018 for Affordable Housing Concession Permit (AHCP) #11866 and that there are no changes to the project, changed circumstances, or new information that would require additional review.
