Agenda Item #5 – Review and approve letter of support to the San Gabriel Valley Section of the National Council of Negro Women, Inc. (SGV-NCNW) for the California Commission on the Status of Women and Girls (CCSWG) Women's Recovery Response Grant

Letter of Support

The Pasadena Commission on the Status of Women submits this letter in support of the application by the San Gabriel Section of the National Council of Negro Women (SGV_NCSW) for funding of their Young Legend's STEM program, a collaboration between SGV-NCNW and California Institute of Technology. (Cal Tech)

SGV-NCNW has been a partner to the Commission having been a part of the group of organizations that planned the 2021 HERSTORY event, which recognized women elected to public office. They have been engaged in services to the Pasadena area since it was chartered in June 1990. Known for their community work, they've provided resources to entities like the East San Gabriel Valley Coalition for the Homeless, Union Station (meals and shelter for the homeless), Serenity House (foster care and adoption) and One Live Olive Branch (sponsor of a community "give back" day, where free resources are offered to families of school age children.)

The proposal by SGV-NCNW incorporates personal tutoring, technology conferences and summer programs to prepare middle and high school students for college level work. The goal is to provide tools to underserved and underrepresented students to improve their math skills, earn STEM degrees and ultimately enter the STEM workforce. Data shows the degree to which women and people of color are under-represented in job clusters such as the physical sciences, computing and engineering. Their ambitious proposal also includes tutoring in the biological sciences and computing, coding workshop, engineering camp sponsorship, and technology and science field trips. We understand appropriately 500 students will benefit from the activities being planned.

The Commission supports organizations that identify the needs of women and girls and who initiate programs to meet those needs. SGV-NCNW is one such organization and we support their efforts and thank them for their initiative in proposing this project that adds needed resources for Pasadena residents.

Sincerely,

Beverley Morgan-Sandoz
Chair
