Dear Members of the Historic Preservation Commission,

I would like to express my strong dissent to eliminating the tennis courts from the Langham. Tennis is a year round activity in Southern California and courts are harder and harder to find. The setting of the Langham is one of the few historic and beautiful tennis courts left in the area.

Furthermore the Langham already has a pool; why add another pool and eliminate a second sport venue? Additionally this proposed new pool and beverage pavillion could be a noisy venue and it would be located right next to a residential area. Tennis is a relatively quiet sport. The serenity and tranquil area could quite possibly be lost.

I have lived in Pasadena my whole life and value those tennis courts. Please consider my opposition to this proposed action.

Thank you,
Eve Mathews
