Hello:

I live on Huntington Circle and will be directly affected by the pool project the Langham Hotel is planning. I am particularly concerned about the construction itself. We live close to the gate at Wentworth/Ridge which allows access to our property at 770 Huntington Circle. I imagine that this will be used for construction as it is closest to the project. Does that mean that the staging area will block off this gate? I expect the project will take upwards of a year to complete. I am concerned that we will not have access to this gate for us, our employees, and our guests for this period of time. In addition to that, dust and noise will affect our enjoyment of our house. I hope you will address these issues during the hearing. Thank you very much.

Nancy Wright
