I would like to submit an opinion against the proposal for the large multi-family complex at 350 Cordova St. I live at 330 Cordova in an apartment on the west side of the building. This proposal would not only block my view of ANYTHING. It would place both my west balconies (floor 2 & 3) right next to the building. This would make quality of life difficult during construction and after completion for me and my family of 4. I also feel it would be at a great loss to lose any trees in this area. There are 4 protect trees that will be removed in the construction, two by my place.

If there is anything else I need to do to make my opinion count or vote against it, please let me know.
