Gentlepeople –

My impression of how the city handles violations of these liquor establishments is they a “kid gloves” instead of applying the law as intended. If liquor stores or bars break the law, they should be handled as law breakers and not these incessant and multiple delays enforcing the laws for liquor stores and bars. You play with them like a cat with a ball of yarn. Standup and throw your shoulders back, do your job, and continue enforcing the lenient laws concerning liquor stores and bars.

The facility’s Conditional Use Permit #2726, obtained by the prior operator, McMurphy’s Restaurant and Tavern, in August 1993, allows the sale of alcoholic beverages, live entertainment, and commercial entertainment in conjunction with the operation of a restaurant use.

It was later modified by the Board of Zoning Appeals in September 2001 and March 2002 due to violations of the conditions of approval and problems related to alcohol sales.

Last year, the City moved to have the CUP revoked after several more complaints and findings by the Pasadena Police Department mostly related to noise, alcohol consumption beyond the proved operating hours, and other unpermitted activities.

Why it such a tortuous job to revoke these people from doing business in Pasadena when hey have broken the law? No wonder they are upset with the city. Don't toy with them, apply the las fairly but firmly to send the message law-breaking will get them in trouble with the law.

The facility's Conditional Use Permit #2726, obtained by the prior operator, McMurphy's Restaurant and Tavern, in August 1993, allows the sale of alcoholic beverages, live entertainment, and commercial entertainment in conjunction with the operation of a restaurant use.

It was later modified by the Board of Zoning Appeals in September 2001 and March 2002 due to violations of the conditions of approval and problems related to alcohol sales.

One person's perception of how liquor stores and bars avoid the laws applying to them.
