To Whom it may concern:

Regarding the protective gate on Edgehill, please be aware of the consequences of removing it.

I have been a resident of sixty years visiting the property and welcome protecting the surrounding area from the late night hillside partying, smoking, illegal fires from irresponsible people who are not residents and unconcerned random people using the hill as a place for defecting.

Perhaps the city could work with the frustrated neighbor and consider working with the city to compromise.

Is the resident simply selling the residence and wants to list the property at a higher value so they can move on?

Understandably, the City and all parties are doing their best to remedy this issue. However, I have seen more improvements up there than in the last 30 years for the protection and improvement of the city and all concerned.

Please proceed with the utmost sensitivity.

Sincerely,
William J. Barney
Resident
