**NOTICE OF PUBLIC HEARING
TTM #83877**

Project Location: 569 & 571 Lincoln Avenue, Pasadena, CA

Subject: The applicant, David Dai, on behalf of the owner, has submitted a Tentative Tract Map application to consolidate two land lots and create nine air parcels for residential condominium purposes. The nine-unit residential project received Consolidated Design Review approval on November 27, 2017. This application only concerns the creation of air parcels that will allow the sale of each dwelling unit. This application does not address the design or construction of the nine-unit project and does not include any changes to the previous Design Review approval.

Environmental Determination: In conjunction with the Concept Design Review approval on March 29, 2012, it was determined that the project is Categorically Exempt from CEQA (Section 15332, Class 32, In-Fill Development Projects). It has further been determined that there are no changed circumstances or new information as part of the proposed Tentative Tract Map application that necessitate further environmental review and there are no features that distinguish this project from others in the exempt class; therefore, there are no unusual circumstances.

NOTICE IS HEREBY GIVEN that the Hearing Officer will hold a public hearing to consider the application.
