

NOTICE OF PUBLIC HEARING
MV #11954

Project Location: 511 Thompson Drive, Pasadena, CA

Subject: The applicant, Jill Frazee, has submitted Minor Variance applications to adjust required setbacks in conjunction with a proposed 495 square-foot addition to an existing single-family residence. The applicant requests a Minor Variance to allow a 28'-8" front yard setback, where a 37'-7½" is required. The applicant also requests a Minor Variance to allow a 4' rear yard setback where 25' is required. Minor Variances are required to adjust setback requirements. The property is zoned RS-6 (Single-Family Residential, 0-6 dwelling units per acre).

Environmental Determination: This project has been determined to be exempt from environmental review pursuant to the guidelines of the California Environmental Quality Act (Public Resources Code §21080(b)(9); Administrative Code, Title 14, Chapter 3, §15301, Class 1, Existing Facilities) and there are no features that distinguish this project from others in the exempt class and, therefore, there are no unusual circumstances. Section 15301 exempts additions to existing structures, provided the addition will not result in an increase of more than 10,000 square feet provided the project is located in an area where all public services and facilities are available to allow for maximum development permissible in the General Plan, and the area in which the project is located is not environmentally sensitive. The proposed 495 square-foot addition to an existing single-family residence would occur in areas that are not environmentally sensitive, where public services and facilities are available, and would be consistent with the General Plan and Zoning Code.

NOTICE IS HEREBY GIVEN that the **Hearing Officer may hold a public hearing** to consider the application if a request for one is made on the proposed application subject to the conditions indicated in the Public Information paragraph below.
