I live at [REDACTED] Jackson Street and my garage is located on Thompson Drive and I daily drive by this house and therefore I am very much aware of the current design. I have discussed the proposed project with the applicant and I reviewed the site plans. I think that this proposed addition is consistent with the historic neighborhood which has many two story homes, including directly across the street and close to those on Oakland as well as a two story house on Jackson Street. The proposed design of the project will complement the neighborhood, is consistent with the historic district and will provide this family much needed space.

Thank you for the opportunity to comment on this project

Sincerely

Carol Hunt Hernandez
