Hello,

I am writing with regards to the notice for hearing VHR #11964 respecting the property located at [REDACTED] Washington Blvd in Pasadena, CA. It is my understanding that the applicant is requesting to not be required to provide parking on site for two new residential units. We oppose this exception, and would ask that they be required to provide parking on site. Our street (Palm Terrace) is already incredibly congested with vehicles during the day and overnight. Adding additional vehicles that would be parking on the street regularly to an already overcrowded location is simply unacceptable. We ask that if they are adding residential units and additional office space that parking be provided on site to accommodate the additional vehicles that would entail.

Thank you for your attention to this matter. We are grateful for the services you provide.

Ashley Lopez, M.S.
