Dear Ms. Driver,

I have received information of a public hearing on Wednesday, February 15, 2023. Since I cannot attend, I do want to voice my positive opinion on this project.

I currently live on Laguna Road at 585, directly across from the property of application.

I think adding a change makes sense, as the home is blocked-in, with the two children constricted by not being spread into their own space at this time. The whole space could be used to everyone's advantage with second story bonus. The mock up tells the story.

I welcome the process.

Travis McGilvray, a neighbor.
