

NOTICE OF PUBLIC HEARING
HDP #6992

Project Location: 580 Laguna Road, Pasadena, CA

Subject: The applicant and property owner, Tom Pejic, has submitted a Hillside Development Permit application to allow the construction of an 18 square-foot addition to the first floor and a 679 square-foot addition to the second floor of an existing two-story, 1,824 square-foot single-family dwelling with an attached 415 square-foot, two-car garage in the Hillside Overlay District. A Hillside Development Permit is required for any new square footage above the first story in the Hillside Overlay District. A Minor Variance is also requested to adjust the required 25-foot rear setback. The first story addition proposes a 15'-3" rear setback and the second story addition proposes a 19-foot rear setback. The property is located within the RS-4 HD (Single-Family Residential, 0-4 dwelling units per acre, Hillside Development) zoning district.

Environmental Determination: This project has been determined to be exempt from environmental review pursuant to the guidelines of the California Environmental Quality Act (Public Resources Code §21080(b)(9); Administrative Code, Title 14, Chapter 3, §15301, Class 1, Existing Facilities) and there are no features that distinguish this project from others in the exempt class; therefore, there are no unusual circumstances. Section 15301 exempts additions to existing structures, provided the additions will not result in an increase of more than 10,000 square feet when the project is in an area where all public services and facilities are available to allow for maximum development permissible in the General Plan, and the area in which the project is located is not environmentally sensitive.
