Hello my name is Isa , I am writing you to inform you on the situation involving Der Wolf in lieu of football games and if there will be any problems for the immediate neighbors and in the community. Well I am here to inform you that this past playoff at the restaurant it brought a lot of people together. No matter how heated any sport match or competition will go it never got out of hand within the restaurant or within the community. They should be able to broadcast the regular football season if you take that away you are crippling the restaurant and the community of people that it brought together isn't that the point of this hearing not what it may do or may cause but what it will do.
