To Whom it May Concern,

I am writing in defense of the Safe Parking program at Trinity Lutheran Church. This program is conducted in partnership with other organizations, Foothill Unity Center and Making Housing Happen, that provide social services to the parkers and support them with finding employment and housing. The Safe Parking participants are thoroughly vetted by our partners.

By providing a safe place to park for individuals living in their cars we are decreasing the number of people on the street. In addition, the safe parkers have access to a bathroom during their time in our parking lot and are provided with a list of locations where they can get needed resources during the day.

The Safe Parking program at Trinity Lutheran has successfully transitioned a number of people from living in their cars to living in apartments with dignity. That is the goal of the program, which will lower the number of people living on the street and ultimately improve the safety and quality of life for all Pasadena residents.

Sincerely,
Frances Hale
Treasurer, Trinity Lutheran Church of Pasadena
