CUP #7188 Applicant: K9 Loft
Location: 460 South Arroyo Parkway, Pasadena, CA

We are writing as concerned residents of Bellagio Village, situated on Marengo Avenue and Bellvue, with regard to the above development, which we strongly oppose. This project, which plans for an 800 square foot outdoor play area for dogs and an overnight dog boarding facility, would be located less than 90' from our property.

We are concerned about the potential for constant noise from dogs barking, safety, hygiene and sanitation, and increased traffic in the neighborhood. The thought of several animals barking and defecating in a small area close to our property is not a pleasant one.

We have lived in this property for over 20 years, and have never before felt moved to object to a proposed development in the neighborhood. This proposal is completely out of keeping with what has previously been a quiet and pleasant residential area.

We strongly urge the City to reject this proposal.

Sincerely

Dr. David Wild
