To whom it may concern,  
These are our concerns regarding the additions to the house at 1080 Riviera which is directly across the street from us at [REDACTED]

We have lived in our home for 56 years and one of our delights are the mountains. With the second story addition our view will be limited to the tops of a few peaks. We are also concerned about the remodel of the south side of the house since that will now be our view. What are the new plans for this side of the house?

There is also concern about where the workers will be parking as we need to have access to the parkway in front of our house during the construction.

Sincerely,  
Dean and Judy Pruitt
