

NOTICE OF PUBLIC HEARING
TPM #83774

Project Location: 936 N. Los Robles Avenue, Pasadena, CA

Subject: The applicant, Billy Diep, has submitted a Tentative Parcel Map application to allow the creation of three air parcels on one land lot for residential condominium purposes. The three-unit residential project received a Final Design Review approval on October 13, 2020. This application only concerns the creation of air parcels that will allow the sale of each dwelling unit; it does not address the design or construction of the three-unit project and does not include any changes to the previous Design Review approval. The site is located within the RM-16 (Multi-Family Residential, 0-16 dwelling units per acre). A Tentative Parcel Map is required for the creation of air parcels that would allow the sale of each dwelling unit.

Environmental Determination: This project has been determined to be exempt from environmental review pursuant to the guidelines of the California Environmental Quality Act (Public Resources Code §21080(b)(9); Administrative Code, Title 14, Chapter 3, §15303(b), Class 3, New Construction or Conversion of Small Structures). There are no features that distinguish this project from others in the exempt class; therefore, there are no unusual circumstances. Section 15303 specifically exempts the construction of a duplex or similar multi-family residential structure, totaling no more than six dwelling units.
