PASADENA REINFORCES ALL FIREWORKS ARE ILLEGAL AND CITY ORDINANCE WILL BE STRICTLY ENFORCED

PASADENA, Calif.— Fire danger and injuries from fireworks still exists even in the midst of a pandemic crisis. The City of Pasadena municipal code holds property owners and tenants responsible for permitting the possession, sale, usage or discharge of fireworks on their property. The ordinance allows for the

prosecution of fireworks-related offenses and for the demand of payment for all costs associated with the safe disposal of confiscated fireworks. The City maintains a zero tolerance enforcement policy for fireworks and Pasadena's police and firefighters are teaming up for special fireworks enforcement patrols before and during the Fourth of July holiday. Violators are subject to arrest; having their vehicles impounded; and serving up to one year in jail and fines up to \$50,000.

Statistics show that fireworks are among the most dangerous of all consumer products. Even hand-held sparklers, which many consider safe, are dangerous and can reach 1,200 degrees Fahrenheit, causing serious burns or fires. National Fire Protection Association statistics reveal that a majority of fireworks-related injuries are caused by so-called "safe and sane" fireworks which are illegal in Pasadena.

Help keep all of us, our children, our homes and our property safe from illegal fireworks. If You See Something, Say Something! Call Pasadena Police at (626) 744-4241 to report illegal fireworks and other suspicious activities. Residents may also use the City's smart phone app, available at www.cityofpasadena.net/csc to report illegal fireworks.

Due to the potential for fire hazards and injuries, Pasadena police and fire personnel will patrol the City looking for illegal firework activity and police officers will seize fireworks in an effort to protect the public. Parking enforcement officers will ensure that vehicles illegally parked in Pasadena's hillside areas on July 4th are impounded.

The Pasadena Fire Department will be applying Phos-Chek to brush areas around the Arroyo area. The main ingredients of this fire retardant are phosphates and fertilizers to help prevent plants from burning and to re-vegetate burned wildland areas.
