ARTCENTER HOLDS JANUARY INFORMATION SESSIONS RELATED TO THEIR MASTER PLAN

Meetings will address any questions and provide a general update on the Plan

Some of you may remember seeing the Art Center College of Design's Master Plan at a District 7 meeting in 2016. Now, the Draft EIR comments for ArtCenter's new Master Plan have been received, and the Planning Staff is currently working on responses. In the meantime, ArtCenter will be holding two information sessions to answer any questions that residents may have, and

provide a general update to anyone unfamiliar with the proposed Master Plan. The first session will be on Wednesday, January 17th at 6:30 p.m. at the Hillside Campus, 1700 Lida Street, and the second will take place on Monday, January 22nd at the South Campus, 1111 South Arroyo Parkway. PUBLIC ART IN DISTRICT 7

Expect new installations soon

Many of you have asked me when the new public art pieces for both Sid Tyler Park on South Lake Avenue at Lakewood Place, and the pocket park/bus stop at Del Mar Blvd. and Bonnie, will be installed. Contracts with new artists have been finalized, pieces have been selected, and the art should be installed in the next two months.

New additional sites throughout the City have been identified for installations next fall, including space within Green Street Village-

the landmark district between Mentor and Wilson Avenues on East Green Street. We are thrilled to gain additional public art in District 7!

COMMUNITY POLICE ACADEMY ANNOUNCES NEXT 8 WEEK SESSION

Classes start February 22nd

The Pasadena Police Department has announced the dates of the first Community Police Academy for 2018. Weekly classes will begin on Thursday February 22nd and run every Thursday for 8 weeks. Classes are generally

held from 5:30-9 p.m. at the Pasadena Police Department.

The Community Police Academy (CPA) is an informative classroom series that gives an inside look at Pasadena Police operations while discussing the principles of community policing. The purpose of the class is to promote a greater awareness and better understanding of local law enforcement's continuously changing role in the community.

The course covers a wide variety of subject areas including police communications, criminal law and procedures (laws of arrest), street crime enforcement/investigations, field identification, weaponless defense training, youth programs and more. It concludes with a graduation dinner, where students receive a certificate of completion.

I had the pleasure of participating in the course last fall and I found it to be a great education on how the Police Department operates and how challenging the job can be.

If you would like to enroll in the course, fill out the following forms and send them to Community Service Officer Sarah Presley at spresley@cityofpasadena.net.
