# Celebrating Poetry Month

April is National Poetry Month, an annual event led by the Academy of American Poets. This year, National Poetry Month has taken on new meaning and importance. More people are turning to poetry at this moment, because poetry and inspiring language can help bring solace and needed strength.

The Academy of American Poets is offering activities, initiatives and resources that have been adapted so that anyone can join in online and at home and—hopefully—find comfort, resilience, and connection through poetry during the month of April and beyond. To learn more visit [poets.org](#).
